

Tax Tips

Available for broadcast June, July & August each year

Tax season is just around the corner and with much of the focus likely to be on the cost-of-living offsets and the change to working from home and what that means in regard to deduction methods, plus the ease of lodgement with single touch payroll now mandatory in all employer sectors, this year, listeners will be looking for all the help they can get!

We will provide an easy-to-understand analysis of the taxation regime.
